Powerful Performance

The ProGrade Digital microSDXC™UHS-II, U3, Class 10, V60 memory card provides excellent value for the money, offering a performance level that streamlines capture for a wide range of high-resolution motion and photo file formats. For motion and image capture, each card is able to operate at a maximum read speed of up to 200MB/s and a maximum write speed of up to 80MB/s.
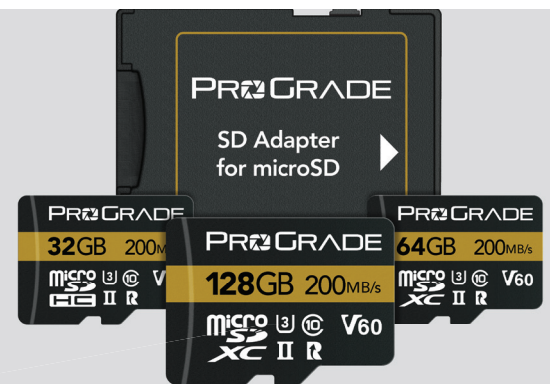

With Video Speed Class 60 rating (V60), the card's write speed will not drop below 60MB/s—a performance level critical for uninterrupted video capture within top-performing cameras from Sony™, Canon™, Panasonic™, DJI, GoPro™ and other manufacturers. Action sports and aerial imaging professionals will appreciate the outstanding read performance that can dramatically reduce time spent moving files from memory cards to workstation, thanks to its maximum data transfer rate of up to 200MB/s.

Speed Class 60 rating (V60), a UHS-II speed class rating of U3, and an SD standard speed class rating of C10 make this card compatible with both older and newer SD card devices. An included full-size UHS-II adapter allows the card to be used within a wide range of SD card slot cameras.

ProGrade Digital microSDXC UHS-II, U3, Class 10, V60 memory cards have been performance-tested within professional DSLR, mirrorless, digital cinema, action and drone cameras. manufacturers. ProGrade Digital microSDXC UHS-II, U3, Class 10, V60 memory cards are available in 32GB, 64GB and 128GB capacities.

ProGrade Digital microSDXC UHS-II, U3, Class 10, V60 delivers:

- High speed certified to perform at a maximum read speed of up to 200MB/s; maximum write speed of up to 80MB/s

- V60 (Video Speed Class) tested and certified to perform at a minimum sustained recording rate of 60MB/s

- A V60 card is essential for uninterrupted video capture by professional DSLR, mirrorless, digital cinema, action and drone cameras from Sony, Canon, Panasonic, DJI, GoPro and other manufacturers

- Optimized for 4K, UHD, Full HD and most high bit rate MPEG-4 CODECs

- Certified Video Speed Class 60, UHS-II speed class rating U3, SD standard speed class rating C10 make this card compatible with both older and newer SD card devices

- Laser-etched serial number to track key components and manufacturing data

- Rigorous full card testing, plus component-level testing down to individual memory chips in order to provide highest quality control

- Professional-level capacities 32GB, 64GB, 128GB

- Error correction to detect and correct data write and data transfer errors; wear-leveling for integrity and longer life

- X-ray proof, shock-proof

- Temperature ranges: operating -13 to 185°F / -25 to 85°C; stored -40 to 185°F / -40 to 85°C

- Dimensions: 11 mm x 15 mm x 1 mm

- Comes with full-size SD UHS-II adapter

- 3-year warranty
