

### CFexpress™ Type-B & XQD™ Single-Slot Thunderbolt™ 3 Workflow Reader

#### Thunderbolt 3 up to 40Gb/s Transfer Speed

Transfer your data files at speeds of up to 40Gb/s (5GB/s) using the ProGrade Digital CFexpress-B/XQD Workflow Reader. Indispensable for cinema, video and photography workflows where large volumes of data files are the norm, this reader provides rapid and efficient transfer of data from card.

Portable and compact, the ProGrade Digital CFexpress-B/XQD reader features an industry-first magnetic base that pairs to an included metal plate. Affix the small metal plate to laptop or host device, then connect the reader to safely and efficiently transfer files—whether working in the field or studio. Includes 18" certified Thunderbolt 3 cable to ensure device interoperability. Features LED indicator to show data transfer activity.

The ProGrade Digital CFexpress-B/XQD reader supports CFexpress Type-B 1.0 and CFexpress Type-B 2.0 and XQD 1.0 and XQD 2.0 cards. For use with Mac™ OS X 10.6 or later and Windows™ 10 operating systems. This reader takes advantage of the latest generation Thunderbolt interface, which is up to four times faster than USB 3.2 Gen2.

#### ProGrade Digital CFexpress-B/XQD Single-Slot Thunderbolt 3 Reader Key Features:

- Single-slot reader for CFexpress-B/XQD 1.0 and greater cards
- Data transfer speed of up to 40Gb/s (5GB/s)
