XQD driver installation – Windows

If you have a mixture of XQD cards, including Sony XQD G Series 120GB+, proceed with Step1 below

If you ONLY have Sony XQD G Series 120GB+ cards, proceed to <u>Step9</u>

1. Connect CFexpress/XQD reader to computer.

2. Insert Lexar XQD card, Sony XQD card M Series, or Sony XQD card G Series (with the lowest capacity you have and as long as it is not a Sony XQD G 120GB+ card or above).

3. Go to *Device Manager* → *Other devices* and look for XQD Memory Card with yellow exclamation mark.

4. Right-click on XQD Memory Card and select Update driver.

5. Select Search automatically for updated driver software.

÷	Update Drivers - XQD Memory Card	×
	How do you want to search for drivers?	
	→ Search automatically for updated driver software Windows will search your computer and the Internet for the latest driver software for your device, unless you've disabled this feature in your device installation settings.	
	→ Browse my computer for driver software Locate and install driver software manually.	
		Cancel

٦

6. After the driver update is complete, eject XQD card, wait a few seconds (~5-7 seconds), and re-insert XQD card back into reader.

7. Windows system should now recognize the XQD card.

8. Remove XQD card from reader.

If you also have Sony XQD G-Series 120GB+, proceed with the additional steps below*

9. Insert Sony XQD G-Series 120GB+ card into reader.

10. Following instructions below to install the Sony XQD driver (v201).

11. Once driver installation is complete, eject Sony XQD card, wait a few seconds (~5-7 seconds), and re-insert Sony XQD card back into reader.

Download and Install XQD driver v201 for Windows 10 if you have Sony XQD G-Series 120GB+ card

Download Windows V201 XQD Driver through steps 1A or 1B below:

1- Click here to down Windows XQD Driver from Sony's website

OR

2a- Open a web browser, go to https://www.sony.co.jp/Products/memorycard/xqd/application/drv_installer.html

2b- Navigate to the bottom of webpage and click on "...(Windows)" icon. Proceed to download and save the XQD Driver Installer on your Desktop or a folder of your choice. The default folder is your **Downloads** folder.
