

Storage and Workflow Choice of Professionals

PG25 Pro Thunderbolt™ 5 Dock

Thunderbolt 5 Performance, Unlocked

Experience the next generation of Thunderbolt performance with the PG25 Pro Thunderbolt 5 Dock—engineered for creative professionals who demand more flexibility, more power, and more bandwidth. The three downstream Thunderbolt 5 ports can support up to 80Gb/s of bidirectional bandwidth, or boost up to 120Gb/s for video output, enabling **dual 8K 60Hz** or **triple 4K 144Hz** displays at ultra-low latency.

Connectivity that Covers Everything

From legacy to modern gear, the PG25 offers comprehensive input/output flexibility. The two USB-A 3.2 Gen 2 ports and two USB-C 3.2 Gen 2 ports provide 10Gbps transfer speeds across the board for additional drives, readers, and other peripheral connectivity. A 3.5mm audio jack supports both headphone output and microphone input. The built-in ethernet port provides 2.5 times the speed of standard gigabit ethernet, ideal for high-bandwidth transfers and cloud production environments.

Maximum Power, Minimum Clutter

Power your host machine and peripherals with a single cable. The PG25 features a 140W Thunderbolt 5 upstream port, capable of charging high-performance laptops at full speed. Its 180W external power supply provides ample headroom to deliver power across all ports, while the three Thunderbolt 5 downstream ports each supply 15W for your accessories.

Patented Magnetic Base

The PG25 features a clean, modular design with a patented magnetic base and a metal plate for versatile mounting. It also allows for top-mounting of up to two ProGrade Digital readers, Pro Mini SSDs, or the PG20 Pro Thunderbolt 4 Hub.

Key Features

- 1x Thunderbolt 5 USB-C upstream (80Gb/s, 140W charging)
- 3x Thunderbolt 5 USB-C port (80Gb/s, 15W)
- 2x USB 3.2 Gen 2 USB-C ports (10Gb/s, 7.5W)
- 2x USB 3.2 Gen 2 USB-A ports (10Gb/s, 7.5W)
- 2.5GbE High-speed ethernet
- 3.5mm TRRS High-res audio jack
- Compatible with Mac OS 11+ and Windows 10+
- Temperature ranges: Operating: 0° to 35° C, Storage: -20° to 70° C
- Dimensions: 190mm x 70.8mm x 32.6mm
- 2 year warranty

Package Includes

- PG25 Pro Thunderbolt 5 Dock
- 180W External Power Supply
- Thunderbolt 5 Certified Cable (1M)
- Metal Mounting Plate
- Quick Start Guide
