

PROGRADE DIGITAL™ ANNOUNCES PG25 PRO THUNDERBOLT™ 5 DOCK

Streamline and Customize Your Workflow for Ultimate Efficiency

San Jose, CA October 30, 2025, 8:00 am PT —ProGrade Digital™, founded with a mission to provide the highest quality professional grade digital memory cards, workflow solutions, solid-state drives, and hubs announces its new PG25 Pro Thunderbolt 5 Dock. The PG25 Pro Dock is based on the latest Thunderbolt 5 technology which is designed to achieve 80Gbits/sec transfer speeds. It is equipped with one Thunderbolt 5 (140W) charging upstream port, three Thunderbolt 5 (15W) downstream ports, two USB 3.2 Gen 2 Type-A and two USB 3.2 Gen 2 Type-C ports, enabling users to have additional ports available for use. The PG25 also has a 3.5mm audio jack and a 2.5GbE high-speed ethernet port. Its unique design offers a magnetic top base like the PG20 Pro Hub, specifically engineered for attaching up to two ProGrade Digital readers or Pro Mini SSD which can be connected using the 6" custom-designed, high-performing short cables (sold separately). The PG25 Pro Dock is also equipped with a patented magnetic base and comes with an adhesive metal plate that allows users to mount the dock to any work surface. The PG25 Pro Dock is also supplied with a high-quality certified Thunderbolt 5 cable – assuring the maximum performance possible. The dock can also be combined with the PG20 Pro Hub that also mounts seamlessly to the top of the dock. The PG30, Ultra-Portable SSD can utilize the front Type-A port or the back Type-C port for quick file transfer.

“Files are getting larger and deadlines are getting shorter, which means creators need to work faster and more efficiently than ever,” said Mark Lewis, Chief Marketing Officer. “With Thunderbolt™ 5, the PG25 Pro Dock delivers breakthrough bandwidth and a more seamless, customizable workflow—bringing order, speed, and uninterrupted ingest to the desktop.”

ProGrade Digital PG25 Pro Thunderbolt 5 Dock Features:

- One Thunderbolt 5 (140W) charging upstream port
- Three Thunderbolt 5 (15W) downstream ports (80Gb/s)
- Two USB 3.2 Gen 2 Type-A ports (10Gb/s)
- Two USB 3.2 Gen 2 Type-C ports (10Gb/s)
- One 2.5GbE high-speed ethernet port
