

PROGRADE DIGITAL™ ANNOUNCES PRO CARD CADDY

A Premium Memory Card Case Built for Seamless Workflow Integration

San Jose, CA January 11, 2026, 8:00 AM PT—ProGrade Digital™, founded with a mission to provide the highest quality professional grade digital memory cards, solid state drives, hubs, docks, and workflow solutions, announces its new Pro Card Caddy, a premium memory card case designed to keep your media organized and secure. Engineered for professional creators, the Pro Card Caddy shares the same outer form factor as ProGrade Digital readers for seamless workspace integration and features ProGrade’s patented magnetic base, allowing it to securely stack with ProGrade Digital docks, hubs, readers, SSDs, or mount to any work surface using the included adhesive metal plate. The Pro Card Caddy has a precision-molded rubber insert which securely holds multiple card formats—including CFexpress™ Type B, CFexpress™ Type A, SDXC™, and CFast™—keeping cards separated, and protected. The removable insert also reveals a dedicated Apple AirTag™ clip, enabling users to track their media wherever their workflow takes them.

“Professional creators depend on their media from capture to ingest, and keeping it organized, secure, and easily accessible is critical,” said Satya Bhunya, Product Manager at ProGrade Digital. “The Pro Card Caddy was designed to integrate seamlessly into existing ProGrade Digital workflows, combining secure storage, and magnetic modularity to give professionals greater confidence and efficiency across desktop, dock, and hub work environments.”

ProGrade Digital Pro Card Caddy Key Features:

- Precision rubber insert with 16 molded slots that can store up to:
 - 9 CFexpress Type A or 9 SD cards
 - 7 CFexpress Type B cards
 - 4 CFast cards
- Secure, protective fit designed to keep cards separated and firmly secured
- Patented magnetic and rubber foot for stable mounting on desks, carts, and workstations
- Removable insert with integrated AirTag™ clip for discreet tracking
- Durable outer shell built for professional workflows and travel
- MSRP \$29.99
